

75050 Floor Standing Machine Cabinet

Whether you're using grinders, sanders, morticers or other benchtop machines, this sturdy steel cabinet makes an excellent general-purpose support. The cabinet is 580 mm / 23" tall, giving a comfortable working height and can hold machines up to 360 mm / 14" wide x 460 mm / 18" deep.

With a lockable door, you can keep your tools and equipment secure, and the shelf inside offers flexibility of storage.
